Commodity Raw Material

With SAP Business One CJP Chemicals can grow their business

CJP Chemicals (Pty) Ltd, established in 1986, is a leading stockist and distributor of both speciality and commodity raw materials to a variety of industries. With sales offices and warehouses in all four major business districts of South Africa, namely Johannesburg (HQ), Durban, Cape Town & Port Elizabeth, CJP has the capacity to supply a diverse range of products. Together with our strong and long-standing partnerships with both international and local producers, CJP has the reach to source, procure and deliver commercial, technical and logistical solutions to all our customers.

Before: Challenges and Opportunities

- We needed a scalable, integrated solution that could grow with the organisation, offer accurate insight into all areas of the business and provide easy access to real-time information

Why SAP and Partner

- World-class application with powerful, user-friendly functionality that empowers business users from the warehouse floor to the executive suite
- Knowledge that SAP and the application support the company's current as well as future needs

After: Value-Driven Results

- Moved from complete DOS system to integrated ERP

“ Due to the platform we now have in place, the company can be confident that it can grow without being limited by its IT systems.”
Ian Smith, Financial Director, CJP Chemicals.
