## SAP Business One is the perfect package for Coastal Bottlers

A franchise of Coca Cola, Nairobi-based Coastal Bottlers packages the iconic beverage manufacturer's soft drinks in glass, PET bottles and cans. The business found its existing software could no longer support its expansion and identified SAP Business One as a future-proof solution. Following implementation by soft drinks in glass, PET bottles and cans. in record-breaking time, SAP Business One gives the company unprecedented control over its inventory, and intuitive access to management information and reporting for decision-making, enabling staff to focus on critical tasks and create business value.

### Before: Challenges and Opportunities

- Desire to expand the business
- Limitations of existing software

### Why SAP and Partner

- Local partner
- Rapid implementation
- Intuitive and simple user interface
- Robust system
- Provides real-time information with no need for manipulation

### After: Value-Driven Results

- Improving the productivity and efficiency of the processes based on best practices
- Better control over inventory
- Greater visibility of company financials through reporting and analytics

*Now, I am able to concentrate on much more critical tasks thanks to SAP Business One."*

Jerad Musembe, IT and process manager, Coastal Bottlers Ltd.
