Cytonn Investment believes in SAP Business One

Cytonn Investments is an investment and real estate company, with offices in Nairobi - Kenya and DC Metro area - U.S. We are primarily focused on offering alternative investment solutions to global institutional investors, individual high net-worth investors, local institutional investors and diaspora investors interested in the East-African region. Our alternative investments solutions are based on four main products: real estate, structured solutions, private equity, and advisory. Most of the investment opportunities in Sub-Saharan Africa are not in the listed markets, hence our focus on alternative investments to find uncommon value and returns for our clients.
